### *Allowable Subject Matter*

1. Claims 1-4, 6-8 and 10-34 are allowed.
2. The following is an examiner's statement of reasons for allowance:
  - a. With respect to claims 1, 26 and 31, the claim have been found allowable over the prior art of record because the prior art of record fails to teach or fairly suggest an image forming apparatus comprising an image holding portion including a first guiding portion that guides the developing portion so that the developing agent holding member faces the image holding member, and the developing portion includes a first guiding portion that is guided by the first guiding portion in combination with the remaining limitations of the claims.
  - b. With respect to claims 32, 33 and 34, the claim have been found allowable over the prior art of record because the prior art of record fails to teach or fairly suggest an image forming apparatus comprising a charging device movable between the first position where the image holding member and the charging device are aligned in a processing unit attaching and detaching direction and a second position where the image holding member and the charging device are aligned in a direction orthogonal to the processing unit attaching and detaching direction in combination with the remaining limitations of the claim.
  - c. With respect to claims 2-4, 6-8, 10-25 and 27-30, the claims have been allowed due to their dependency on claims 1 and 26 above.
